

Wellness Crisis Call Center and Response Team

Summary Description:

Sacramento's Behavioral Health Services (BHS) includes services that meet the cultural, ethnic and language needs of the community and promotes health and wellness; resilience, wellbeing, and healing from traumatic experiences; prevention, support, and treatment for mental health and/or substance use challenges; and support of those who experience and/or are in recovery from these conditions, along with their families and communities.

The Wellness Crisis Call Center and Response Team (WCCCRT) receives calls from community members experiencing a mental health crisis. Mental Health Counselors (MHC) and Senior Mental Health Counselors (SMHC) dispatch Mental Health Response Teams which include Mental Health Counselors/Senior Mental Health Counselors and Peers assigned to locations throughout the County. These Call Center and Response Teams staff provide immediate, 24/7 crisis intervention and de-escalation services, assess needs and risks, and create safety plans. This includes identifying and leveraging individual strengths and natural supports; coordinating with existing Mental Health Plan (MHP) and Substance Use Prevention and Treatment (SUPT) providers as appropriate; linking to ongoing services; voluntary transport to urgent/emergency resources and accessing Mobile Crisis Support Teams or other emergency responders when necessary.

WCCCRT Goals:

- Safely de-escalate crises
- Provide linkages to accessible culturally responsive behavioral health resources to decrease repeat crises and emergency department visits
- Offer a response team that meets the cultural, ethnic and language needs of the community and does not include law enforcement staffing
- Ensure the model is community-based
- Decrease criminalization of mental health and homelessness

Timeline (*all dates in the following timeline are subject to change):

Wellness Crisis Call Center & Response Team Project Plan – Monthly Updates

September 2022

- Hiring and recruitment continues:
- Mental Health Program Coordinator will begin staff training for any new staff.
