Working on a mode of free for the first meeting whether with or without insurance to refer to primary care provider. Member Harris asked why school was chosen. Jocelyn thinks it may be a need in the community. Not open to other schools. Sheri added geographically driven and grant maybe, and to her experience, it's what drives the decision.

Chair Sako asked County staff if any in place to cover kids not covered by insurance. Per Sheri, FIT program to support school-based. Provides services on campus. Sheri added that Heartland contract expanded for outreach and engagement and maybe a good partner. They're looking to station people in the community.
