

Healthy Partners Advisory Group

Budget Discussion: *Sorted List*

November 2, 2016

Ideas - expand enrollment or services

- Eliminate age limit
- Expand enrollment
- Expand hours

Ideas - more clarification is needed

- If only one location, provide ancillary/support services (e.g. transportation)
- Expand to other locations if support services are not available
- Build out specialty practice considering life extenders
- Consider specific disease states in addition to life extenders

Ideas that focus on process

- Create criteria for decision-making
- Review list of exclusions and compare with what may be available from partners
- Re-visit/adjust delivery model. Is something available other than volunteer services?
- Consider demand-based program (spend all funds regardless of current enrollment)
- Quality and patient safety
- Spend smart (e.g. telemedicine)
- Explore other funding, or expand other health center programs to offset costs
- Include FQHCs based on mandates to serve uninsured
- Expand community partnerships
- Review pharmacy utilization
- Expand DHA efforts in determining Medi-Cal eligibility under PRUCOL
